

Empowerment and Restoration for Adolescent Girls

LIVING HOPE RANCH

January 2, 2018

Rocky Mountain College

Re: Job Posting

Living Hope Ranch Inc. is a recently established faith-based residential program for adolescent girls, ages 13-17, struggling with life-controlling issues. We are located within the Cypress Hills region of Saskatchewan, near the town of Maple Creek.

Our program aims to work collaboratively with parents, guardians and other support systems to help teenage girls overcome issues of trauma, substance abuse, and minor behavioral or mental health issues. Our mission is to empower them to confront life's challenges with confidence through Christ.

We initially opened our doors in January 2016, and after seeing the vision in action for 4 months we took a break for the purposes of program development. We are currently in the process of finalizing our policies and procedures and prepping for the re-launching of our program sometime this year.

LHR is currently seeking to fill our **Program Director, Youth Care Staff, and Intern** positions. We humbly request your permission to post our job poster on any career boards or job advertising avenues you have available at your school. All of our job descriptions and available positions are listed on our website, along with all of our contact information. If you know of anyone that is looking for a ministry opportunity, or if your school or community has identified a teenage girl that may benefit from our program, we welcome any referrals.

LHR is also interested in recruiting female students that require internship placements for the completion of their studies. As an intern, one can anticipate working directly with at-risk youth in a restorative environment. They will be given hands-on experience in developing their leadership, administrative and mentorship skills. Our first intern is nearing the completion of her placement and it has been an excellent experience all around.

We have included a brochure with this letter for your viewing. We would be happy to send you more brochures and prayer cards to distribute, at your request. Or if you would like to schedule a presentation, please contact me at livinghoperanch@gmail.com. I look forward to sharing further about our ministry with you.

Sincerely,

Kristen Zilkie
Director of Communications

Empowerment and Restoration for Adolescent Girls

LIVING HOPE RANCH

POSITION SEEKING:

- Program Director
- Youth Care Staff
- Interns

Living Hope Ranch is a non-profit, 12-month, faith based residential program for female teen's, 13-17, who are struggling with life-controlling issues.
